

Find Home Harmony Move Services

Find Home Harmony is a full-service Professional Organizing business serving all of Long Island and New York City. 2020 was a challenging year and we're looking forward to a more relaxed and healthier 2021. After spending so much time at home last year there is a lot to look forward to. The rental market has seen a lot of activity for both renters and rentees. We expect to see lots of activity and have geared up to provide assistance with getting rentals prepared for guest arrivals and permanent residents.

We provide logistical planning and support for seasonal moves and other organizing services.

Find Home Harmony supports small and large moves that manage the transfer of your personal items from your primary residence to your permanent summer home or your rental property and the reverse at the end of your stay.

We can help from the start with planning your move.

How it Works

- 1. Collaborate with you and your moving company to ensure a well-coordinated move*
- 2. Be onsite when the truck arrives and unpack all the boxes and dispose of the moving materials*
- 3. Put away your possessions according to instruction*
- 4. If needed, move items into storage*

If you don't see a service that fits your needs, please contact us directly to see if we can help.
